

Metal Working Products

www.icmco.net

Industrial Chemical Co. offers advanced product technologies covering a wide range of metalworking applications including: cutting and grinding fluids, metal cleaners, corrosion preventatives, and metal forming fluids. We represent the Qualichem line of products. Qualichem not only provides the highest quality manufacturing, but also provides complete technical, sales, and laboratory support for all of our metalworking fluids.

QualiChem has the highest performing cutting and grinding fluids on the market today. By applying the latest advances in additive technology and looking beyond the additives targeted for metalworking, our team of formulation chemists has developed break through technology that is defining the next generation of metalworking fluids.

Whether you are large or small, Industrial Chemical Co. is committed to supplying the products necessary to meet your needs – no matter what your process challenges may be.

Water Dilutable Cutting & Grinding Fluids

QualiChem offers the latest technology in water based cutting and grinding fluids. Our products cover the complete range of fluid requirements from light duty grinding to the most difficult cutting operations. In particular, our line of synthetic cutting and grinding fluids is the most technologically advanced in the industry.

XTREME COOL – Premium Solution Synthetics
XTREME CUT – Premium Semi-Synthetics
XTREME GRIND – Premium Grinding Synthetics
EQO-COOL – Premium Synthetic Micro-Emulsions
CARB GRIND – Carbide Grinding Synthetics

Q-COOL – Economical Synthetics
Q-CUT – Economical Semi-Synthetics
Q-SOL – Soluble Oils
Q-MAG – Magnesium Machining Fluids

Straight Oils

QualiChem has a complete line of straight cutting and grinding oils to meet any application requiring neat fluids including: honing, grinding, broaching and screw machines. These straight oils are available in paraffinic, naphthenic, synthetic and vegetable oil base stocks.

XTREME KUT – Premium Straight Oils
XTREME DRILL – Premium Gun Drilling Oils
MET-KUT – Straight Oils
MET-DRILL – Gun Drilling Oils
MET-GRIND – Grinding Oils
Q-MIST – Spray Mist Lubricants

EQO-KUT – Premium Synthetic Straight Oils
EQO-GRIND – Premium Synthetic Grinding Oils
Q-BROACH – Broaching Oils
Q-HONE – Honing Oils
Q-LAP – Lapping Oils

Metal Cleaners

QualiChem offers the latest technology in water and solvent based metal cleaning products. Both liquids and powders are available. Our products cover the complete range of acidic, alkaline, and neutral pH cleaners.

MET-KLEEN – Alkaline (Spray, Soak Tank, Emulsion) Cleaners
Q-KLEEN – Acid Cleaners

ULTRA SOLV – Solvent Cleaners
Bio SOLV – Environmentally Friendly Solvent Cleaners

Corrosion Preventatives

QualiChem can protect your parts indoors, outdoors, and in-process. We manufacture a wide variety of rust preventatives to meet your metal protection requirements. Our surface protection products allow you to select your specific requirements for: length of storage, processing restrictions, preferred film type, and environmental conditions.

Q-SHIELD (Solvent Based)

Q-KOAT (Oil Based)

Q-GUARD (Water Based)

Metal Forming Fluids

QualiChem metal forming fluids include straight oils, soluble oils, and synthetics. We manufacture a wide range of products to meet the variety of demands in the metal forming market.

AQUA FORM (Water Based)

SYN-FORM (Synthetic Based)

MET-FORM (Oil Based)

Q-TUBE (Tube Mill Fluids)

Metalworking Additives & Specialty Fluids

Antifoam & De-foam Agents

pH Adjusters

Biocides/Fungicides

Lubricity Enhancers

Corrosion Protection Additives

Water Softening

De-Scaling Agents

Floor & Maintenance Cleaners

Industrial Chemical Co. has been distributing commodity and specialty chemicals to customers in the Carolinas and Beyond for over 25 years. Let us help you with all your chemical needs.
